The Virtual Visit – Provider to Patient Sample Workflow

**Initiating Visit**
- Call patient
- Complete check-in/registration
- Direct Patient how to connect/log in

**Provider**
- Log into workstation
- Open encounter/visit
- Launch virtual visit
- Confirm virtual visit consent has been completed if required
- Enter chief complaint
- Review and update patient history
- Interview and assess patient
- Document progress note
- Document diagnosis and other pertinent information
- Complete visit and sign encounter
- Close virtual visit prior to next patient
