About

Dr. Nick is a leader in Digital Healthcare and Innovation and former Chief Medical Officer for Dell. He provides strategic insights and guidance to support healthcare organizations, medical professionals, and patients through information-enabled healthcare. He brings an incremental approach to developing successful strategies and applies his expertise to achieve a technology environment that is interconnected, efficient and patient-focused. He is a highly sought out speaker on the practical and futuristic use of healthcare technology and how it can improve patient engagement and wellness

What would you like to know about Dr. Nick van Terheyden? Ask a question you'd like him to answer about himself as he makes his way up here to begin his keynote!
